

# INKLING

## WHAT IS INKLING?

- Inking is a store and an App that sells interactive electronic textbooks for most subjects FOR iPad only
- To get access to the store, go to Inking.com and sign up – create password and user name.
- Thereafter, browse and download textbooks.
- Most textbooks come with a free chapter – so you can try it out before purchasing the book.

## WHY USE INKLING?

- The textbooks are interactive – sound and video clips are embedded in the books for use in the classroom which enriches the learning experience. There are often fun quizzes at the end of sections which help to summarise content learnt.
- Cheaper than buying books, videos and CDs separately.
- One resource with everything you need in terms of teaching material.
- Constant updates – therefore current and up-to-date. Promotes relevant discussion.

## TIPS:

- Know your way around the electronic books well so you know exactly what you will use in a lesson and don't waste time.
- NOT a substitute for lesson preparation although is an excellent tool.
